

# Zuora

## Create a record

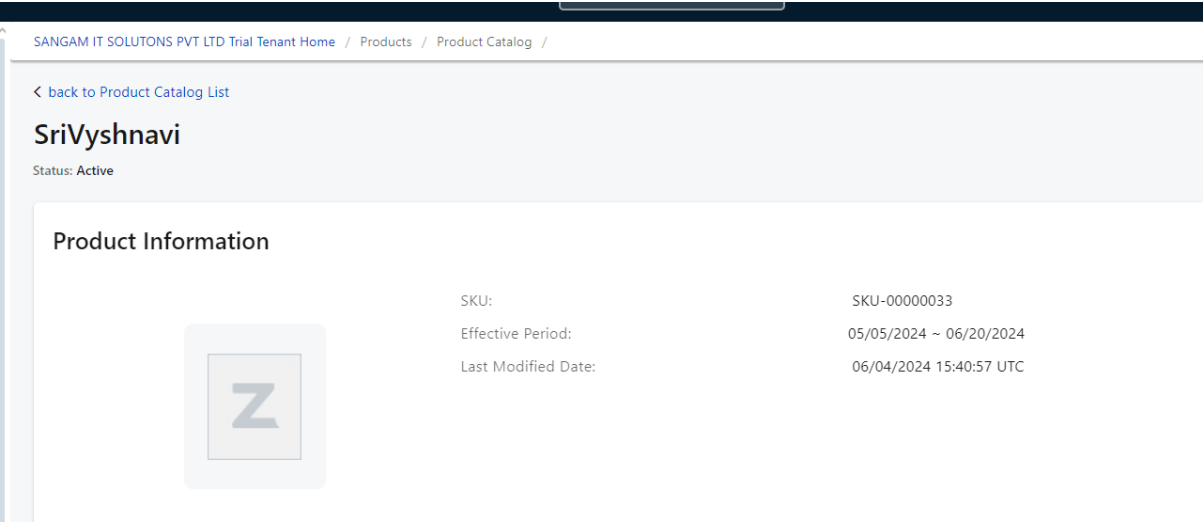

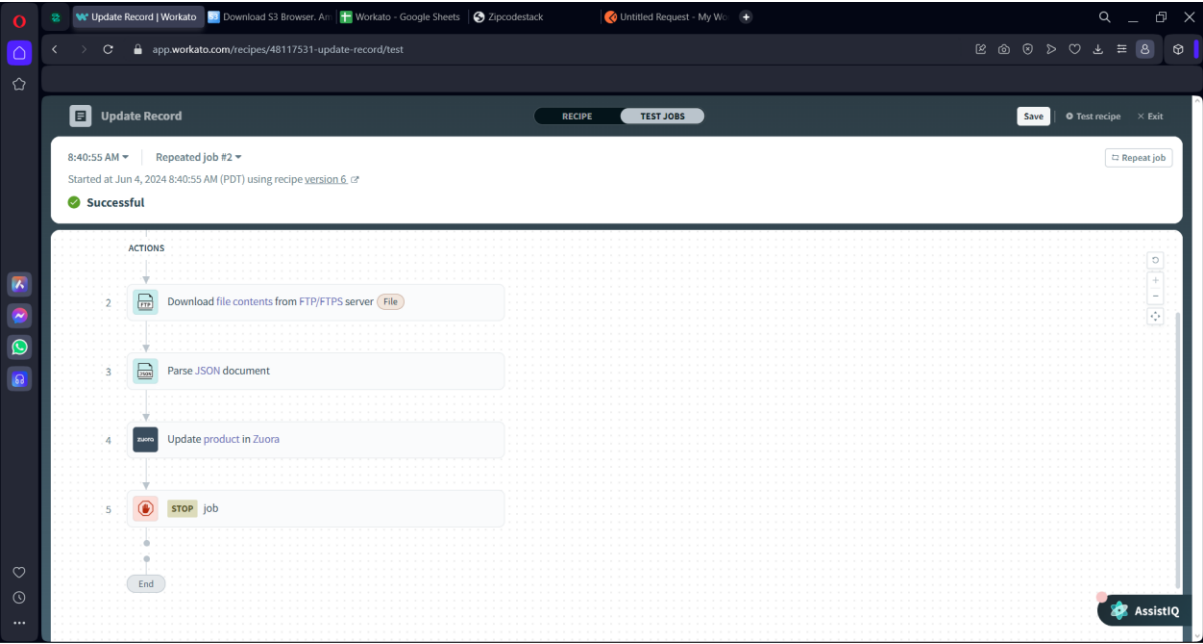

The screenshot shows the 'Products' page in the Zuora interface. At the top, there's a 'Schedule onboarding call' button. Below the navigation bar, the 'Products' section includes a search bar with 'Starts With' and 'Custom Fields: Exclude' filters. A table lists the products:

Name	SKU	Effective Start	Effective End	Last Modified
Test123	SKU-00000032	5/1/2024	5/5/2024	6/4/2024 2:23:53 PM UTC

The table also includes action icons (trash, download, copy) for each product entry.

The screenshot shows the 'Billing' interface in the Zuora system. The left sidebar contains navigation options: Home, Customers, Customer Accounts, Subscriptions, Orders, and Products. The main content area displays the 'Products' page, which is identical to the one shown in the previous screenshot, including the search filters and the product table.
